

It's where we live.

It's a home, to call your own. In a community, you'll love to live in.

It's where the kids can play long after the sun disappears, where the lifestyle you've always imagined comes true, and where the pace shifts down, just enough, that it's all perfect.

It's the great Australian dream. One that this master planned community, in the burgeoning suburb of South Maclean, is making a reality once more.

Because it's been designed, specifically, for you and your family to thrive.

Welcome to Pebble Creek.

It's a place, that's going places.

Nestled within the growing corridor just inland from Logan, South Maclean possesses an imminent and exciting future. Where easy road and transport access to main commercial hubs – including Logan, Brisbane and the Gold Coast – meet a similarly easy lifestyle, full of nature parks, creeks and recreational parkland.

As for schools, you'll be spoilt for choice. A number of primary, secondary and combined colleges are located within the municipality and surrounding areas, including Flagstone State School and Community College, Jimboomba State School, Hills College and Emmaus College.

These amenities, and many more, make it clear to see why South Maclean offers young families an unrivalled opportunity to create an envious and fulfilling lifestyle.

It's been designed all for you.

Pebble Creek's vicinity to nature reserves and greenspaces create a haven away from the hustle and bustle of the urban sprawl. This connection to nature, coupled with the already established amenity you'd expect from an urban centre – like schools, shops and a close proximity to Hills Golf Club, one of Queensland's premier golf courses – creates a truly desirable place to live, and grow, with your family.

At the heart of the community sits a multimillion dollar park and activity hub, featuring sport ovals, playgrounds, multi-use courts, a bicycle precinct, picnic areas, a dog off-leash park and more.

Pebble Creek is designed to give you the space and opportunity to live your best life, it's an exciting community initiative that's all part of the plan.

Because here, even the cultivated streetscape sets the tone for a community character that's truly connected to nature.

That's why Pebble Creek, in every sense of the term, is a pocket of natural beauty. Where living a good and a well-balanced life is more than encouraged, and where building your dream home is not just expected, it's fostered.
